APPENDIX 1

The Fallen

FOR EVERY STORY TOLD IN THIS BOOK, A THOUSAND OTHERS ALSO deserve to be remembered. Stories of close calls and selfless acts, of waiting and deliverance, of loss and pain. Although it was impossible to include them all here, this book would feel incomplete without the names of all the men, women, and children known to have been killed in the attacks and the immediate aftermath.

Below is an alphabetical list of the nearly three thousand names as they appear inscribed in bronze on the 9/11 Memorial in New York. The “address” following each indicates where the name is located—at the north or the south reflecting pool—and the panel number on which it appears.
