# Acknowledgments

I am very grateful to the many people who helped me write and publish this book. First, I am deeply indebted to Jennifer Gates, my agent at Aevitas, and Karen Rinaldi, my editor and publisher at Harper Wave. Thank you for the opportunity of a lifetime.

I benefited enormously from kind, patient, painstaking editorial guidance from Amanda Moon and Thomas LeBien at Moon & Company, to whom I am very grateful. Additionally, thanks to Iliana Cooper for excellent research assistance.

I am thankful to gracious colleagues and friends who were careful and generous readers of early chapters and drafts: Dave Hoffman, Jean Galbraith, Felicia Lin, Jaclyn Marsh, Shaun Ossei-Owusu, and Dorothy Roberts.

Finally, I cannot adequately articulate the gratitude I owe to my family, but I can at least say thank you: Jane Ryan, Ren Wilkinson, Ivy Wilkinson-Ryan, Caleb Furnas, Jasper Furnas, and June Furnas. I have been very, very lucky.
