acknowledgments

IN THESE NOT SO HAPPY DAYS, I thought it was time for more lightheartedness. The eighties and nineties were a time that artistic creativity raised its head. I was so happy to be able to be a part of this expression.

I would like to thank all the unusual characters who filled my life with shenanigans. Whether you were named in this book or not, you know who you are.

I continue to nurture and inspire the young generation to move forward. I receive their energy in return. It is all around me. How can I not feel it? It is a gift. As time rolls on, I find myself as the perpetrator of originality and thank God that I am happily living through it.

*"If it is interesting
and imaginative,
I go for it."*
